CONCORDIA TO SELECT "ALL TEN-YEAR" TEAMS

The 1984-85 season marked the Tenth Anniversary of the Concordia University Varsity Sports program. In recognition of this milestone, Concordia's Director of Athletics, Dr. Edmund F. Enos has announced that All-Ten Year teams are being selected in Football, men's and women's Hockey, men's and women's Basketball, men's and women's Soccer, Wrestling and Skiing. In making the announcement, Enos invited all interested Alumni, members of the Concordia Community, former Stinger athletes and media personnel to participate in the selection process by forwarding nominations to the Department of Athletics. Final decisions will be made by the Concordia coaching staff and the teams will be announced in October 1985.

In the past ten years, the accomplishments of Concordia's Varsity teams have been well documented. Concordia has won nine conference titles in men's hockey, five in men's basketball, three in women's hockey, two in women's basketball and five in men's soccer along with one National championship. In addition, the Concordia Wrestling team has captured the C.I.A.U. National Championship for the past two years. Many outstanding student athletes have participated in the Concordia Varsity program and the ten-year team's project will honour their achievements. Of course not every deserving athlete will be chosen, however, the selection process itself will help relive some of the memories these athletes provided to Concordia followers over the past decade.

Your support will make this event a success.
